

**BREAKFAST & LUNCHEON MEETING
MEETING BOOKLET ADVERTISING PROGRAM**

The Morris Chapter of NJAWBO offers several levels of sponsorship and advertising opportunities. These programs offer you a way to introduce your company and its benefits to the members of Morris NJAWBO in various ways. We are pleased to offer our members to our newest opportunity to promote their business to our Breakfast & Luncheon attendees through our New Meeting Booklet Advertising Program.

Morris NJAWBO will produce a full-color program that will be distributed to all attendees at our monthly Breakfast and Lunch Networking & Learning meetings. The program will feature ad space for members as well as important information for members, potential members and affiliates about our chapter. The Breakfast & Luncheon Program is produced twice each year at six-month intervals.

Those member businesses that take part as supporting advertisers in the April 2010 edition will receive additional exposure in the April dinner event program, as well as an automatic Linked-In web advertisement for the same six-month period (\$50 value). Based on current attendance rates at Morris Chapter events (including the April dinner), over the course of this six-month period, you can advertise your business at 11 meetings and introduce your business to nearly 500 local professionals who want to network with you!
